

## International Visiting Scholar Questionnaire

If the applicant will participate in **sponsored agreement or project**, please complete the table below. **Write N/A or TBD if necessary.**

ASU Account Number	ASU Proposal Number	ASU Principal Investigator	Funding Source/ Sponsor Name	Brief description of research/activities (include specific topics)

1. If the applicant is involved in a sponsored agreement or project, are there restrictions for “foreign” or “Non U.S.” citizens?

No  Yes  Not Applicable

If yes, briefly describe and include the Funding Proposal or Award number:

---

---

2. What are the dates of the appointment period? \_\_\_\_\_

3. Who is funding the applicant’s visit? \_\_\_\_\_

\* If the applicant receives funds from an external source, please state the source(s).

4. Who is the applicant’s program supervisor or advisor? \_\_\_\_\_

5. What are the applicant’s expected responsibilities? Please be specific (research topics, activities, technology used, objectives).

---

---

---

## International Visiting Scholar Questionnaire

6. Use the [Export Control Wizard](https://researchcompliance.asu.edu/research-security/export-control-wizard/) for the applicant's expected responsibilities, and share the results:  
(<https://researchcompliance.asu.edu/research-security/export-control-wizard/>)

---

---

7. Is the research to be performed considered fundamental?

No  Yes

**Fundamental Research** refers to basic or applied research in science and engineering performed or conducted at an accredited institution of higher learning in the United States where the resulting information is ordinarily published and shared broadly in the scientific community. The products of fundamental research are not subject to export license requirements or other government approval. Fundamental research is distinguished from research that results in information that is restricted for proprietary reasons or national security reasons (EAR) or pursuant to specific U.S. government access and dissemination controls (ITAR).

<https://researchcompliance.asu.edu/about-us/glossary/>

8. Has the applicant signed any independent non-disclosure agreements?

No  Yes

If yes, briefly describe:

---

---

9. Has the applicant been involved in any past or current Foreign Talents Programs (FTPs)?

No  Yes

If yes, briefly describe:

---

---

10. Will the research or activities focus on any of the following:

No  Yes  (check all that apply below)

Critical and Emerging Technologies:

- Advanced Manufacturing
- Artificial Intelligence
- Highly Automated, Autonomous, and Uncrewed Systems (UxS), and Robotics
- Quantum Information and Enabling Technologies
- Semiconductors and Microelectronics

International Traffic in Arms Regulations, controlled items:

- Firearms, Close Assault Weapons and Combat Shotguns
- Guns and Armament
- Ammunition and Ordnance
- Launch Vehicles (guided missiles, ballistic missiles, rockets, torpedoes, bombs and mines)
- Explosives and Energetic Materials, Propellants, Incendiary Agents and their Constituents
- Surface Vessels of War (ships, patrol vessels, landing craft) and Special Naval Equipment
- Ground Vehicles (Tanks and Military Vehicles)
- Aircraft and Related Articles (planes, helicopters, balloons, drones)
- Military Training Equipment and Training
- Protective Personnel Equipment
- Military Electronics
- Fire Control, Lasers, Imaging, and Guidance Equipment
- Materials and Miscellaneous Articles
- Toxicological Agents, including Chemical Agents, Biological Agents, and Associated Equipment
- Spacecraft and Related Articles
- Nuclear Weapons Related Articles
- Directed Energy Weapons
- Classified Articles, Technical Data and Defense Services
- Gas Turbine Engines and Associated Equipment
- Submersible Vessels and Related Articles
- Nuclear Materials, Facilities, and Equipment (& Miscellaneous Items)

## International Visiting Scholar Questionnaire

- Special Materials, Chemicals, Microorganisms, and Toxins
- Materials Processing
- Electronics
- Computers (semi-conductor chips)
- Telecommunications and Information Security (encryption hardware, software or technology)
- Sensors and Lasers
- Navigation and Avionics
- Marine
- Aerospace and Propulsion

**If yes, unsure, or not listed, briefly describe:**

---

---

---

5. Will the applicant be provided access to proprietary, confidential or sensitive information, technology or software?

No  Yes

If yes, briefly describe:

---

---

6. Are you aware of any export controls related to the work you are currently performing?

No  Yes

If yes, briefly describe:

---

---
